Stakeholder's

2025 INTERNATIONAL PROCUREMENT CONFERENCE

 Virtual Platform

Conference Overview

In recent years, procurement has evolved from a tactical function to a strategic business partner, driven by factors such as globalization, technological advancements, and changing business dynamics, including sustainability.

Digital transformation and AI have played a crucial role in revolutionizing Procurement and Supply Chain Management. These tools are instrumental in driving efficiency, agility, and sustainability, empowering organizations to stay competitive and resilient in today's dynamic and volatile environment.

In response to these transformative trends, the Annual International Procurement Conference for 2025 focuses on key theme:

Shaping the Future of Procurement
(Driving Transparency, Sustainability, and Innovation for Inclusive Growth)

Benefits

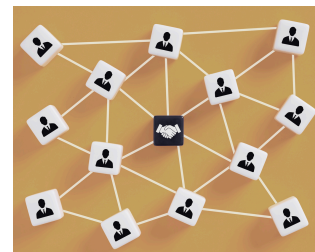

- Digital Certificate of Participation: All the participants will get a Certificate of Participation after completion of the conference.
- Certificate of Achievement: Interested Candidates can participate in the Competency Test after the conference by paying INR 2500/ US \$50 only. Those who secure 60% and above score will get the Certificate of Achievement in Transforming Procurement (Navigating Digital Innovations and Sustainability).
- In addition, you can earn 7 Continuing Education Hours (CEH) for CPSM Re-certification.

Why Should You Attend?
